Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11/21/07 has been entered.

Response to Amendment

2. Applicant's amendments and accompanying remarks filed with the RCE on 11/21/07 have been fully considered and entered. Claims 9-13, 15-17 and 21 are pending at this time. All other claims are now cancelled. Applicant's amendments and remarks are sufficient to overcome all previously made rejections. As such, these rejections of claims 9-13, 15-17 and 21 are hereby withdrawn. Claims 9-13, 15-17 and 21 are found allowable for reasons set herein below.

Allowable Subject Matter

3. Claims 9-13, 15-17 and 21 are allowed.

4. The following is an examiner's statement of reasons for allowance: Independent claims 9, 11, 16 and 21 are found to be allowable over the cited prior art. Specifically, the cited prior art fails to teach the claimed structure and chemistry of the textile fabric having a first side coated with a cationic coating and a second side having a second and chemically different coating and that both of these coatings are incompatible and are substantially isolated from one another.

An updated art search, and search of other copending applications, did not produce any substantial art for the which to base a rejection and presently no motivation exists to combine the references to form a rejection which doesn't antedate the present application. Thus, claims 9-13, 15-17 and 21 are found allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
